高雄市 113 年學年度國民小學英語朗讀比賽初賽
B 區評審總評語

1. Most students' pronunciation is accurate and beautiful. However, the following words are mispronounced: southern, cuisine, unique, perfect, district, terrain, etc.
2. Students need to read with gusto and speak louder.
3. Some need to work on connecting sounds.
4. A few students said, "Thank you for your listening." This is incorrect. Please omit "your".
5. Confident gestures and engaging facial expressions.
6. The expressive tone made the story about nature vivid and engaging.
7. When you read louder, it's easier for everyone to catch the small details in your pronunciation.
8. Great job, teachers! You deserve a big round of applause!
